Friends, please meet Brad, our official greeter, 4 1/3 years old and holding a pot of Fairy Fire.

Potted plants of many varieties not listed here are available at our greenhouses. Visitors are always welcome.

ROOTED CUTTINGS

We plan to have your cuttings large enough to have clumps of small plants ready to break off and pot up.

On arrival to avoid shock and for growing on, cuttings should be set in wet vermiculite. We now recommend, use no fertilizer in the water for the first wetting, thereafter water every time with water containing 1/4 teaspoon of dry African Violet fertilizer to one gallon of water.

Plantlets may be removed when leaves are the size of a quarter.

SHIPPING

Rooted cuttings will be shipped only during warm weather from the last of April until the first of November.

MINIMUM ORDER

Minimum order is \$5.00 plus \$1.00 extra for postage, packaging and Special Delivery, which gets your plants to you quicker and safer. If you do not want them sent Special Delivery please omit 50 cents.

STARTER PLANTS

You may now purchase starter plants in 2 1/2 inch pots instead of cuttings for the same price while they last, please state which.

SPECIAL NOTICE

We double the size of the clumps of rooted cuttings on orders over \$10.00.

If starter plants are wanted, on orders over \$10.00 you may select any plant listed free for each \$5.00 of your order.

"INSTANT GLAMOUR" NEW!
